

ACTIVITY 1 – SPORTS.

Aims: speaking, writing; teaching vocabulary

Level: beginners; upper beginners

Organisation: the whole class, groups of 2 – 3 each;

Preparation: sports flashcards, sports bingo boards from

<https://www.toolsforeducators.com/>

Time: 30 minutes

Steps: 1. Create flashcards “Sports” and sports bingo boards (option 4x4).

2. Present the students the flashcard with the image of sport for example: cycling, surfing, etc. Ask students to repeat the words after you. Write the words on the board. Afterwards, the students write them down.

3. Ask the question: “What sport is it?” showing the image. Students answer the questions.

4. Divide the students into groups of 2 – 3 each. Hand up bingo boards to two students and ask them to circle ten images of sport. They can’t show the boards to the others. The third student tells the names of sports until all ten circled images are crossed out. The winner is the student who first crosses out all ten images.

Option: The teacher gives the boards to all students and tells the sports names.
